

Magnetic Particle Inspector (NDT) Non-Destruct Test King Pin Technician

JOST has one immediate 3rd shift open position in the King Pin area as a Magnetic Particle & Non-Destruct Test Technician at our Griffin Street facility in Grand Haven, Michigan. Must be able to work effectively and efficiently with quality of work and with minimal supervision. Base starting pay for this position is based on certifications, current and/or prior in Magnetic Particle and/or NDT as well as education and prior work experiences in this field. There are job aptitude, job training, testing and certifications requirements in this position. All candidates will also be given a math aptitude test to assess math skill level.

Required Job Duties & Responsibilities:

- Operate the magnetic particle machine.
- Maintain magnetic particle machine in good working order.
- Highlight indications and grind indications.
- Ensure parts are placed into correct container.
- Must be able to perform; basic machine maintenance of perishable tools, quality work, all quality checks and final packaging of all finished King Pins for shipment.
- Required to have the ability to learn, to be trained in, to become certified in and perform SNT-TC-1A Level II inspection techniques and acquire necessary certifications as well as pass all applicable testing requirements.
- Acute vision skills (with or without glasses) with the ability to pass annual Yager eye test for vision.
- Minimum of completion of High School Education or GED.
- Solid understanding and aptitude in math, trigonometry and physics.
- Must be able to read, understand and strictly abide by all JOST training documents and posted work instructions.
- Self-motivated and highly dependable and dedicated to being to work every day on time.
- Must be capable of working in a faster paced manufacturing facility.
- Must be capable of using hand held and power driven tools.
- Must be able to maintain a consistent and high level of quality work with meticulous attention to detail.
- Must be able to consistently sit, stand twist, bend, stoop, kneel and lift up to 50 pounds consistently.
- Must produce and maintain the required posted daily and weekly goals in efficiency.
- Ability to read and understand work instructions and quality standards.
- Must be able to understand and abide by all JOST Company Policies, Procedures, and standard Quality Systems and practices.
- Must be able to keep work area organized and clean.

****A plus for consideration; previous working experience, education
and training in SNT-TC-1A Level II Inspection****
