**Winter Market at The Depot Kicks Off On Light Night**

The Chamber of Commerce is excited for this year's brand-new Winter Market at The Depot. The holiday shopping event kicks off on Light Night, Friday November 17, 2017 from 5-8pm. The market will then be open on Saturdays starting November 18 through December 16 from 10am-3pm.

Don't miss this unique opportunity to start your Christmas shopping in the historical Depot Building, located downtown Grand Haven. "The Depot Building is a significant part of Grand Haven's history and we're excited to utilize the space this holiday season," said Mary Sherman, Director of Events and Programs.

The Winter Market during Light Night will also feature alpacas from Blendon Pines Alpaca Farm and Tanglewood's Alpaca Farm. The event is family friendly and children will be able to view and pet the alpacas just outside The Depot building.

The market events are free to the public and The Chamber provides a listing on Facebook of the booths available at each of the market days, as vendors will change throughout the Winter Market season. "We will be keeping our Facebook event page updated with vendors and other details as they become available," Sherman explained.
