

Material Handler Trends

September 2019

You may be finding it hard to fill your Material Handling positions. According to the US Department of Labor & Statistics, Material Handlers are the sixth fastest growing job in Michigan. They are the ninth most common occupation in the state, and they have seen the sixth biggest wage increase in Michigan as well. Thus, the number of positions and the average wages are both growing, and you should keep this in mind as you to try fill the positions.
