

Certificate of Origin

February 2020

Some countries require a Certificate of Origin to accompany the shipment. Here at The Chamber, we can validate certificates for your organization prior to shipment. As a semiofficial organization, we will apply our stamp and seal to the Certificate of Origin document before it ships out. It's quick and easy. Bring your certificate down to the Chamber office Monday through Friday, between 8:30am and 5pm for a quick validation. No appointment necessary.
