Grand Haven Sand Sculpture Contest going Virtual!

Due to our efforts to keep the community safe during the pandemic, the Chamber of Commerce Grand Haven, Spring Lake, & Ferrysburg has made the decision to have the Sand Sculpture Contest as a “virtual Event” this year. This event will be FREE to the public to participate. This opportunity gives the community the chance to build a sand sculpture on the Northwest Ottawa County beaches between August 8th & August 15th and submit a picture of their sculpture for a chance to win People’s Choice award for the Adult or Youth Category. The Sculpture images will be posted on the Grand Haven Sand Sculpture Contest Facebook page for the community to vote starting August 15th- August 22nd.

“We are excited to share this opportunity with the community rather than cancelling the event. It gives families an opportunity to build a sand sculpture together in a safe environment and without the crowd of people during the day event” says Ellie Passorelli

The Virtual Sand Sculpture Contest is a family-friendly, all-skill-levels-welcome, contest where families, friends, co-workers, and individuals sculpt the sand into amazing creations on their own time between August 8-15th. To compete, you must share an image of your sculpture to intern1@grandhavenchamber.org by August 15th.
