American Dunes Golf Club

August 15, 2023

American Dunes Golf Club is in year three of business, we thank our community for the immense support towards our mission, Folds of Honor. In 2022, American Dunes raised \$1.1M towards Folds of Honor which provides educational scholarships to the families of our Military & First Responders.

American Dunes offers a beautiful 18-hole Jack Nicklaus Signature golf course, the CAVU Squadron Bar, and Founders Hall Event space. It makes for a wonderful location to host your next business meeting, golf outing, company retreat, or Holiday Party.

In 2006, the Grand Haven Golf Club hosted a small golf tournament that would inspire the formation of Folds of Honor. The Grand Haven Golf Club closed in 2018 and a small group of patriots joined together with Jack Nicklaus to create American Dunes. The mission of American Dunes is unwavering. We are honored to raise awareness and funds for the families of our fallen and disabled veterans. Jack Nicklaus led the project by waving his \$3,000,000 design fee, this was followed by several patriotic investors that joined together to preserve the birthplace of Folds of Honor.

Lt Col Dan Rooney, a fighter pilot in the USAFR and PGA Professional founded Folds of Honor in 2007. "American Dunes represents a collaboration of countless likeminded patriots, who want this golf course to forever stand as a tribute to the birthplace of Folds of Honor, a safe haven for veterans who find rehabilitation through the recreation of the game, and a backdrop to celebrate our country and those who fought for its freedom," said Rooney. A significant legacy such as this is born out of the effort of selfless individuals and companies who have donated their time and resources.

And now, because of you and many other like-minded patriots that know that Freedom Is Not Free, your support of American Dunes Golf Club directly benefits the Folds of Honor mission.
