

MEMBER SPOTLIGHT

February, 2024

Based in Muskegon, ClickBid specializes in event fundraising software designed specifically for nonprofits. With more than 20 years of experience supporting events, we've seen it all — the mistakes and the million-dollar milestones. That's why we created ClickBid: an all-in-one platform aimed to simplify the fundraising process.

At ClickBid, we prioritize your event's success. Every client is paired; with a dedicated account manager who provides ongoing support before, during, and after your event! Our commitment extends beyond software and we are dedicated to helping West Michigan charities achieve fundraising success.

Our platform offers features such as mobile bidding and online ticket sales, empowering nonprofits to exceed their goals while delivering a seamless experience for their supporters. Some West Michigan charities we partner with include Kids Food Basket, Muskegon Catholic Central, Gracious Grounds, Fruitport Athletic Foundation, and Kenzie B Cafe.

Interested in discovering how ClickBid can elevate your nonprofit's fundraising efforts? [Contact us today](#) for a demo to see for yourself or email Paige Stanley at paige@cbo.io for more information.
