## *Momentum Center*

March, 2025

One of the best things about working at the Momentum Center are the many occasions when you meet someone and when you tell them what you do, they light up and tell you about how much Momentum means to their son or daughter or sister or nephew.

The Momentum Center is creating a community where every person is fully visible and connected. We offer social recreational programs to people with mental illness, addictions, and disabilities and we address the social determinants of mental health with community conversations and cultural immersion experiences.

The impact we have comes when people find themselves in the space of welcoming community. Now we have the honor of inviting the whole Chamber family into our community. We will be hosting the BASH in March and we hope you can make it. Get a tour of our newly renovated facility, hear a bit about the work we do and the difference it makes, all while enjoying snacks and beverages.

If you are moved by what you experience, we invite you to help us continue this work by becoming a sponsor of Prom with a Purpose. The Prom takes place May 27. It is our biggest fundraising event. It is also an important part of our mission and programming.

Prom with a Purpose brings together people from all walks of life for a night of dinner and dancing. The event provides a real-world opportunity to confront stereotypes as people with all different backgrounds and abilities come together for a night of fun and laughter. It takes place at the Trillium and sponsorships start at \$500.
