Did You Know?

We are now in our 69th spin around the sun and our mission has not changed. Provide Service and Promote Community. WGHN became Grand Haven's radio station on July 16, 1956. We are a Michigan Association of Broadcasters multiple Station of the Year award winner, we proudly display our City of Grand Haven Foundation Award, and we are family owned and locally operated.

We have been a trusted community resource for 69 years and we don't take that responsibility lightly. We work hard every day to be a friendly voice when you get your day started, when you are in your car, on your phone, at your place of work, and when you head home after a long day. We are 92.1 FM, live streaming at wghn.com and on the Grand Haven radio app.

Our WGHN Family

Mary Ellen Murphy hosts Good Morning Grand Haven. Mary Ellen is a consummate news professional and darn funny. She loves music, loves interviewing and loves taking care of Grand Haven Monday-Friday 6-10am.

Jesse Bruce (GHHS and GVSU grad), wandered into the station, and apparently has never left! Now 26 years later, you can hear him spinning 80's tunes on Lunchtime at the Laguna at 12:15 and then back behind the mic from 3-6pm with more music, stories and local guests.

Radio veteran Mike Toth keeps the family operating and manages the station. He will tell you we are efficient, influential and affordable! You can reach Mike at 616-842-8110 or mtoth@wghn.com.

Let's Work Together

What can we do for you? Whatever you need us to do. We can get the word out about something you are doing, help you put together a professional commercial, help build and maintain your brand on the radio, online, and through podcasts, social and mobile. We promote and support local businesses, non-profits, schools, interns and local folks. We encourage the performing arts, food drives, coat drives, local news, and helping our neighbors. Plus, we find lost dogs.
